This paper is presented in view of the Interview with Examiner Cleveland on March 9, 2004.

All claims, but particularly claims 43 and 60-63, were discussed. One correction to the U.S. PTO Interview Summary is noted. Color photographs, in applicants' file, were shown to the Examiner, at his request. Applicants had filed color photographs together with the AMENDMENT of March 3; although the Examiner was aware, and electronically had access to, the March 3 AMENDMENT, he did not have actual possession of color photographs.

Respectfully submitted,

Dated: March 10, 2004
